Digital NMAHP - Policy Lab

[Mark F Lesley H.jpg](#) [1]

We're delighted to announce that we will be running a special, one-off 'Policy Lab' at our Digital Health and Care conference this year that is specifically tailored for NMAHPs with an interest in improving their digital skills.

Our '[Digital NMAHP Policy Lab](#)' [2] has been co-designed with Dr Lesley Holdsworth and Mark Fleming, Clinical Leads for Digital Health and Care at the Scottish Government.

Designed for those with an interest in digital innovations for Nursing, Midwifery and Allied Health Professionals, Mark and Lesley will lead this workshop to enable you to better understand the role of digital for NMAHPs and will give you the tools to initiate change in your organisation.

The two-hour structured workshop will give you the chance to share ideas, innovative practice and common challenges with your colleagues from across Scotland and you'll also have the opportunity to spend time with one of our vendors who can advise you on how you can use the latest technology to make improvements at work.

Session Agenda:

Part 1 - The National NMAHP Digital Network

What is the role and function of the Digital Network? What is being done to meet the Networks aims?

- To increase the capacity and competencies of the NMAHP Digital Health and Care related workforce
- To encourage the better use of data in NMAHP service planning, delivery and improvement to support transformation
- To use digital technologies to help citizens manage their own health and wellbeing and particularly in community and homely settings
- To raise awareness of and publicise the benefits of NMAHP Digital Health and Care related practice

The Digital NMAHP Leadership programme

NMAHP Engagement in the development of the Digital Health and Care Strategy.

Part 2 - Graduate Showcase

A showcase of 4 presentations from the work completed by Graduates from the Digital NMAHP Leadership programme.

This workshop is unmissable for anyone working in digital innovation for NMAHPs. The session will run from 2pm-4pm on 21 February, you will also have access to the morning session of the Digital Health and Care Conference which includes a panel session discussing Digital innovation in health, care, housing and 3rd sector, interactive campfire sessions and our demo zone presentation.

Registration is open for this session, reduced rates will be available for 2+ passes. [To register click here.](#) [2]

This conference is CPD certified, you will be issued with a certificate following the event.

For more information please email enquiries@holyrood.com [3] or phone 0131 285 1635

Pre event registration is required for this session
